

Say It With Clay Presents:

## Our Random Acts of Kindness Talk Token Movement!

Say It With Clay is starting a movement of spreading joy, love and positivity throughout our community, using our clay talk tokens. Talk Tokens were created to promote conversations. Our tokens are stamped with various words for inspiration and grounding, and can serve as great reminders for people to *love, hope and give* a little bit more each day.

### So, how does this work?

Say It With Clay will sell packets of tokens (10 minimum; no limit on max) for the buyer to distribute to people throughout their life as they see fit. Tokens are \$2 each, for this purpose tokens will only be sold in bundles of 10 for \$20.00. They can be given to loved ones, to strangers, to someone they've always wanted to start a conversation with, to a person that needs a pick me up, etc. As long as it's random, and kind, it fits the bill!

### Random Acts of Kindness Token Movement Contract:

I (first name/last name) \_\_\_\_\_ pledge to distribute my Talk Tokens to people around me to use as random acts of kindness in order to spread joy, love and positivity throughout my community. I will not keep these tokens for personal use and keep the kindness to myself.

Signed,

\_\_\_\_\_ Date: \_\_\_\_\_
